

# DESI CHANA

POWER HOUSE OF NUTRITION

Premium Quality Indian Agro Commodities

## COMPANY PROFILE

### Company Introduction – UniGen Exports (Desi Chana)

India is one of the largest producers of Desi Chana (Chickpeas) in the world, known for its high nutritional value, rich protein content, and excellent cooking quality. Indian Desi Chana is widely used in global cuisines for making flour (Besan), curries, snacks, and processed food products.

UniGen Exports is a merchant export company based in India, engaged in supplying high quality Desi Chana (Chickpeas) and agro commodities to international buyers.

As a dedicated exporter, our mission is to deliver clean, well graded, and export quality chickpeas that meet international standards and buyer requirements.

We work closely with trusted farmers, procurement centers, and processing units to ensure:

- Proper harvesting and selection of chickpeas
- Advanced cleaning and grading
- Hygienic processing and sorting
- Export quality packaging and storage

Our Desi Chana is known for:

- Uniform grain size
- Natural taste and high protein content
- Low moisture and high purity
- Excellent cooking quality

We offer flexible packaging options such as 25 kg and 50 kg PP bags or customized packaging according to buyer requirements.

In addition to Desi Chana, our product portfolio includes Coffee Beans, Green Cardamom, Rice (including Basmati), Pulses, Turmeric, and a wide variety of Indian spices.

At UniGen Exports, we are committed to building long term business relationships by offering competitive pricing, reliable supply, timely delivery, and transparent communication.

We believe in growing together with our clients through trust, quality, and dependable service.

### Quality & Safety – UniGen Exports

At UniGen Exports, quality and safety are our top priorities. We supply premium quality Desi Chana (Brown Chickpeas) that meet international standards for size, cleanliness, and natural taste.

We work closely with trusted farmers and reliable processing units to ensure proper sourcing, cleaning, grading, and hygienic packaging. Our Desi Chana is carefully processed to maintain its natural color, nutritional value, and purity.

Every stage from procurement to final shipment is monitored to ensure consistent quality and safe handling.

We focus on understanding buyer requirements and delivering products with consistent quality, competitive pricing, and timely delivery.

At UniGen Exports, we believe that quality assurance and customer satisfaction are the foundation of long term international partnerships.
